

Composting News

Keep up with what's happening in the fast-growing composting and scrap wood management field...

Subscribe to Composting News

Composting News provides a comprehensive monthly update on new state and federal legislation and regulation; new composting and wood scrap processing projects, facilities and applications; new and expanding markets for compost and scrap wood products; and new research and technology.

Added to the above, *Composting News* is the only industry publication that covers current market prices for compost products.

All this industry information for just \$83 per year!
